

## 521 PROJECT UPDATE MAY 23, 2018

1. The Steering Committee and Building Design Committee voted unanimously to hire Mr. Rob Montgomery as the architect for the planning and building of our new St Anne and St Jude Roman Catholic Church on our 521 properties. We have sent a letter to Bishop Guiglielome requesting the approval of Mr. Montgomery for architect of our 521 Project.
2. Mr Montgomery was the original architect for our building project from 2007 to 2011. He was involved with the development and subsequent revisions of our Site Plans and Schematic Drawings.
3. Once we are under contract with Mr Montgomery, we can update our site plans and schematic drawings, develop color drawings, and present this information for discussion at a town hall meeting.
4. The Steering Committee and Building Design Committee approved the document "Utilization of Assets during the 521 Project"
5. We plan to combine our 521 Project Fundraising Campaign with the Charleston Diocese Bicentennial Capital Campaign. This will occur over 4 months sometime in 2019.
6. 521 Project Frequently Asked Questions (FAQs) are posted on our [sasjrcc.org](http://sasjrcc.org) website under our New Church and updates.
7. We have a new sign "Future Home of St Anne and St Jude Roman Catholic Church" on our 521 Property.
8. Thankyou for your continued prayers and support. Your input is encouraged and appreciated.
