

521 PROJECT UPDATE AUGUST 7 2018

An Architect contract has been signed with Robert Montgomery to review and update our site plans and schematic drawings.

There will be a planning meeting with Mr Montgomery and the Steering Committee and Building Design Committee at the St Jude Campus Library on Tuesday, 14 August at 5pm.

After we have this meeting, we plan a town hall meeting for parishioner input before we present our plans to the Charleston Diocese BRAC. Your input during this part of the building process is most important.

Once we have BRAC Approval, we can move into our next building phase, Design Development.

Your continued prayers and support are appreciated.
