521 PROJECT UPDATE (June 24, 2020)

Our primary concern currently is with COVID 19 issues, illness with tragic loss of life as well as safety concerns. Mass at St Anne and St Jude Roman Catholic Church is being celebrated at outdoor services on our St Anne campus as well as thru Facebook live streaming. This evening, The Sumter City-County Planning Commission approved our request for a change in zoning of our 521 Property from Planned Development to General Commercial. Joey Duggan did a great job answering questions at this important meeting. Our next step is to have 2 readings at the Sumter City Council meetings before the City Council can approve our zoning request and building plans. Our new church building project is estimated to cost 6 million dollars. We have 2.6 million dollars from our One Faith/One Family Capital Campaign and 2.3 million dollars in pledges from our combined Bicentennial Campaign and It's TIME Campaign. We have collected \$727,000.00 from these pledges. We plan to borrow the remaining monies needed for our building project from the Diocese. We appreciate your continued prayers and support. Stay Safe and It's TIME

LIVE THE LITURGY

INSPIRATION FOR THE WEEK

Any good farmer will tell you that regardless of how good the quality of the seed, its sprouting and bearing of effective fruit is dependent upon the quality of the soil. Preparing the soil is one of the most essential components of farming. There is no doubt that the seed of God's Word will eventually achieve its purpose. God cannot and will not fail. When and how that seed bears fruit is, however, dependent upon us. What is the quality and condition of your soil? Life's concerns and preoccupations can cause us to become inattentive to our inner life. This sometimes unintentional neglect can result in our soil becoming hard, overgrown with weeds, rocky, parched, and lifeless. When God's seed is sown, it doesn't always take root because it struggles to establish roots and flourish. How can you more attentively attend to the soil of your heart so that it will be a fertile and vital place for the fruit of the Gospel to grow?

LITURGICAL LIFE

RESPONDING to the Call

EVERYDAY STEWARDSHIP

Recognize God In Your Ordinary Moments

Focus on the Good

When I was a child, my mother had a set of sculptures resembling three human heads. One head had hands over the ears, one had hands over the eyes, and one had hands over the mouth. Of course, they depicted the phrase, "Hear no evil; see no evil; speak no evil." I have seen these images repeated many times since then, usually as the monkey heads from a Japanese proverb, which would have probably seemed a little less creepy to me when I was a small child. Apparently, there is no consensus about the full meaning or certain origin of these three images nor the phrase. At the very least, it causes us to reflect on the need to avoid evil and look for the good in things.

As I have lived my life, I have come to believe there are more people who lives their lives in a contrary manner to these images. It is not that they seek evil, but it is as if they "see no good, hear no good, and speak no good." Gossiping is the way they pass the time, and they always seem to find the negative in people and situations. Being a good steward certainly means that we do not seek evil, but more than that, it means that we see the abundance of good things all around us. These gifts of God are big and little, profound and ordinary. By seeing the world in this way, we begin to change our personalities and our overall disposition. We always need to follow a new proverb: see all the good, hear all the good, and speak about the good. Amen.

The seed that falls on the good ground will yield a fruitful harvest. (Ps 65)

SECOND READING:

GOSPEL MEDITATION

Encourage Deeper Understanding of Scripture

Using the best seeds doesn't always guarantee the best plants. An older Italian gentleman straight from Italy gave me these amazing tomato seeds that he claimed produced the best tomatoes ever grown. Without doubt, the fruit he shared with me was a testament to that fact. These tomatoes were amazing! I couldn't wait until the next growing season to plant these seeds and harvest my own tomatoes. The whole experiment ended up a failure. I did everything the gentleman said, but my fruit didn't even come close. What happened? At first I was perplexed, then some years later the light dawned. The problem wasn't the seeds, it was the soil!

You cannot sow seeds in any old place and in a haphazard way and expect them to be at their best. It doesn't work that way. Planting the seeds is the easiest part. Preparing the soil is the challenge. Tilling, mulching, enriching, and building up the nutrients are all required for good fruit. Then after the seeds are planted, more care is required in order to maintain that healthy, nutrient rich environment for those seeds to sprout, grow, and flourish. God happily sows the seeds of his Word. What do we do with them?

If we expect to be a passive bystander and have good fruit magically grow, we are mistaken. Bearing the good fruit of God's Word requires preparation and work. We have to cultivate the soil of our lives so that those seeds can find a proper home. This one thing alone takes a great deal of patience, time, and effort. What kind of preparation have we put into our lives so that we can be a recipient of God's seed? It takes a great deal of soul-searching and ego-checking to properly prepare. God is the ever faithful and persistent sower. If the seeds do not bear fruit the first time, God will come back time and time again, giving it another try.

If we have created a suitable bed for sowing, then once the seed is sown, we must properly maintain them. What is our maintenance plan for the seeds of God's Word? We need not only a source for water but a watering schedule. We need to weed, aerate the soil, nurture the young plants, protect them, and provide proper nutrients. What does our spiritual maintenance plan look like? If we have done all things well, imagine what the seeds of God's Word could produce in us!
