# GOSPEL MEDITATION

## ENCOURAGE DEEPER UNDERSTANDING OF SCRIPTURE

From the time we are born into this world until we die, our human radar picks up signals about how to respond to life. What we picked up on when we were very young carries an even greater power. The messages we receive and process tell us what we are “supposed” to do with our feelings, how to understand and cope with disappointment, anxiety, failure, death, illness, and what to expect out of life. As life unfolds for us, these radar messages kick in and resonate in us at very deep levels. Sometimes what we have learned is helpful and sometimes it is not. The stories we have been told, especially when we are young, about how life is best lived and how to negotiate its pain carry a heavy weight.

Life can be challenging and frightening. Sometimes, it really hurts to be a human being. It also can be quite unpredictable and, at times, unfair. We face our vulnerability and brokenness of all kinds: physical, emotional, and spiritual. It doesn't take much for life to quickly fall apart. What we knew to be familiar and true is gone and something we relied upon, physically, emotionally, or spiritually, can be taken away. It is hard to confront our limitations and sit with our incompleteness.

### LIVE THE LITURGY

#### Inspiration for the week

Life can be challenging and frightening. Sometimes, it really hurts to be a human being. We face brokenness of all kinds: physical, emotional, and spiritual. For no apparent reason, life can quickly fall apart. What we knew to be familiar is gone and something we relied upon is taken away. We are left sitting with our incompleteness and swimming in the pools of our sadness. Be strong! Fear not! These admonitions flow from the mouths of prophets and are echoed by Jesus. It is difficult to trust that restoration, healing, and rejuvenation will one day come, and remain steadfast in our faith. But we are here because of a God who loves us, not as the result of a random occurrence. When we reach for that truth about who we are and who God is, life changes for us. We are healed from our old distorted way of seeing things. Our eyes, heart, and soul are opened to the beauty and magnificence of life. The pulse of our loving Creator is felt in all things and we can't wait for God to come and touch us again. God made us, God loves us, and God keeps us. He has done all things well.

Often, life hurts us so much that we find ourselves sitting in a pool of sadness, not sure what we are supposed to do. It is particularly hard when the signals we have inherited tell us that we need to be successful in what we do, and we have to avoid life's unfairness. We can feel like a failure, wondering what precisely we did to deserve this fate, or ruminate about what we did not do correctly. But it's really not about us. We are part of a bigger picture and a much more fascinating story!

If we cease doing battle with life's incompleteness and see ourselves, as God does, on a journey toward wholeness and completeness

we can better accept our disappointments and stand firm. The prophets told us, and Jesus reassured us: Be strong! Fear not! Sometimes we have to update our stories and replace them with newer, more accurate ones. When we make God's story our own and tune our radar into His voice, what we hear is all about restoration, healing, and rejuvenation! This is true even when we think we have hit rock bottom and can go no further. There is always hope. Remember the words of Julian of Norwich: God made us, God loves us, and God keeps us. Now, listen to God when He says, “be opened!” Be healed and allow your stories to change.

- We have worked with the value engineers at Mashburn Construction to get our building project within budget. We plan to reduce the size of our new church from 16000 sq feet (800 seats) to 10,000 sq feet (400 seats), and, as before, we plan to build a cross shaped church with red brick.
- We are hoping to form an artifact subcommittee in order to catalogue artifacts from St Annes and St Judes Church, then determine which artifacts will be used in our new church, the timing of moving and placement of artifacts.
- We had a positive BRAC presentation earlier this month and plan a follow up presentation in October after engineering documents have been completed.
- We have applied for a loan from the Diocese for 1.2 million, based on our outstanding pledges only. Pending BRAC and Loan approval, we plan to have a "shovel in the ground" in January 2022 and worship in our new church by Christmas 2022.
